

## Warm as Wool Math Cards

Cut out sheep cards. Glue clip art on back of each card. (2 sheep will not have anything on the back). Use cards to sequence the story. Use cards to figure out math problems like how many sheep did Betsy have after the wolves came?

1. How many sheep did Besty have?
2. How many sheep did the wolves get?
3. How many sheep did Besty have after the wolves came?
4. How many sheep did she have after one at poisonweed?
5. How many sheep died?
6. How many ewes did Besty have?
7. How did the sheep break a leg?
8. What happened while the family was planting corn?
9. What happened while the kids were rolling barrel hoops?
